Consumer, producer and total surplus across 80 markets

Scenario	Quantity	Total (synthetic currency units)
Before merger	Consumer surplus	66057.5670
Before merger	Producer surplus	57660.7345
Before merger	Total surplus	123718.3015
After merger	Consumer surplus	62976.1313
After merger	Producer surplus	58567.4226
After merger	Total surplus	121543.5540

Same 140,000 potential consumers in both scenarios. Market surplus is weighted by each market population.
Firms 0 and 1 merge; all firms reset prices at unchanged fitted marginal costs.
